**DELIVERED BY CARRIER.** 25 Cents  
Per Month  
Payable to Collector at end of Month.

ALL SUBSCRIPTIONS ARE CASH IN ADVANCE.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.

## NOTICE TO DELINQUENTS.

Owing to the fact that many of our subscribers on the Rural routes are dropping behind in their accounts and the amounts thus continue to increase from month to month, and that a large number of them ignore our repeated demands for a settlement, we have tired of sending nothing in return. Besides, it is very expensive to us and a violation of the postal laws; therefore we will send another statement to each delinquent and then take such legal action necessary to get what is due us and at the same time meet the requirements of the Postoffice Department. Respectfully,

A. F. CURRAN.

There is a great difference between a million ton iceberg sober and a 50,000 ton ship manned by drunken sailors.

Anyhow the loss of the Titanic gave thousands of spot-lighters an opportunity to air their opinions and bask in the sunshine of publicity.

That physicians of Northern and Eastern States who send advanced and indigent consumptives to the Southwest are guilty of malpractice, was the decision of the Southwestern Conference on Tuberculosis in session at Waco, Texas.

The morning session of the Conference was devoted to a consideration of plans for ameliorating the condition of consumptive strangers in the Southwest, and resolutions calling upon the Federal Government to convert military forts and reservations into Tuberculosis hospitals were adopted.

The question of discouraging further immigration of consumptives was discussed at length. A few extremists advocated quarantine restrictions, but this suggestion was rejected by the Conference as inadvisable at this time. The advocates of publicity of the fate of poor consumptives as a deterrent of further immigration won the day, and it was decided to call upon the newspapers of the country to give publicity to the facts that there are no free hospitals for consumptives in the Southwest; that the charity organizations have no funds for the care of strangers, and that suitable work is hard to find.

The Conference decided that it was inadvisable for any consumptives to come west without funds sufficient to maintain themselves for one year, and deplored physicians who advised patients otherwise.

The Conference decided to ask all railway corporations not to sell half rate or charity tickets to the Southwest to any persons unless responsible parties guaranteed that such persons would not become public charges after reaching their destination.

## ECHOES FROM THE TITANIC DISASTER

The honor bestowed on Captain Edward John Smith when he was selected to command the Titanic, and was taken from the Olympic for the purpose, was considered remarkable among steamship commanders, for it is a deep tradition that a captain's career is ended when

How did those wireless operators at Cape Race and Patridge Island and other points come to send out so much news that wasn't so?—Philadelphia Record.

Mr. Carnegie will have to order a big lot of medals to meet the demand made by the sinking of the Titanic. It will require hundreds of medals to reward the heirs of the heroes who died that others might live.

It was real mean of J. Bruce Ismay to save his own life. There is a wolfish objection to Ismay's daring to live, which shows that the wild and ferocious animals are not all in the Zoos and the jungles. The fact that there was no panic on the boat at first shows that thousands were lured and lulled into the false belief that the Titanic was unsinkable.

The steamer Titanic was a masterpiece of human ingenuity and strength. The fact that the greatest and most powerful ship ever built went to the bottom because of man's carelessness, and maybe, drunkenness, does not take a dot from the merits of the magnificent floating palace. Had the Titanic ran head-on into the rock of Gibraltar we doubt if she would have gone down to Davy Jones' locker any quicker than she did.

When Mr. Taft calls attention to the fact that even with a full vote of the country a man who receives a majority of the electorate receives the votes of but a small fraction of the people, Mr. Roosevelt sneers that Mr. Taft favors a government of the people for the people by a few of the people. But when Mr. Roosevelt receives a majority of the Republican vote in Pennsylvania—the whole vote being not more than fifty per cent of the vote of that party alone—it is an "overwhelming demand of the people" that Mr. Roosevelt shall break all the traditions of the country, as well as his own word, and take up the reins of government again.—Courier Journal.

## Reflections of a Bachelor.

All the world loves a lover, but he loves himself a heap sight more.

A man knows he has a very sweet temper not to have it any uglier than it is.

It's easy enough for a girl to love a man if everybody tries to keep her from it.

No woman ever got to be so old that she forgot how beautifully she danced when she was a girl.

OUR OWN MASS MEETING.

"You are workingmen, my friends."  
"Hooray!"  
"You are the bulwarks of the nation."  
"Hooray!"  
"You are the men behind prosperity."  
"Hooray!"  
"As I said, you are workingmen."  
"Hooray!"  
"You are honest workingmen."  
"Hooray!"  
"And being workingmen, you must work—"  
"Put him out! Take him off! Put him out! Get the book!"

Smith when he was selected to command the Titanic, and was taken from the Olympic for the purpose, was considered remarkable among steamship commanders, for it is a deep tradition that a captain's career is ended when

his vessel meets with serious mishap. The Olympic has twice met with misfortune with Captain Smith as her commander, but the White Star Company felt that it was justified in placing every reliance on the man who has ruled over the finest steamships in the world.

There went down with the great White Star liner a flock of "buzzards of the sea," human vampires who preyed on the passengers crossing the Atlantic, men whose mission in life inspired Wilson Mizner's play, "The Greyhound." It is known that at least a score of these harpies were on board the lost ocean liner.

## Maysville Looming Up As Big Tobacco Market

Maysville Cor. Lexington Herald.

The Maysville tobacco market is drawing to a close, although sales will be held at all houses on the local market up to and including April 30, 1912. The Farmers and Planters have sold up to date 15,194,695 pounds of tobacco, and the Independent has sold 4,200,000 pounds, making the sales to date 19,394,695 pounds.

The Farmers and Planters are in receipt of communication from Missouri, asking that they remain open until several cars intended for their houses can reach here. The parties have been notified the market will close on the date mentioned above, and that their shipments will be taken care of should they arrive before that date. The houses are remaining open until the 1st of May, in order to give their customers the opportunity of disposing of what tobacco they have left.

Other work on the farm, and the coming of warm weather, will naturally force a closing of the loose leaf markets.

Tobacco plants are up and flourishing, with the prospects of a large crop the coming season, judging from reports from all sections.

The handsome receipts and sales, largely increased over last year, give evidence of the Maysville market becoming one of the largest loose leaf markets in the country.

Four or five new turpikes will be built in Robertson county within the next few years.

A persimmon tree is reported at Chambers with perfectly preserved fruit on it the year round.

An electric railway is planned to run between the city of Mexico, Pueblo and to the rim of the sleeping volcano of Popocatepetl, which is 15,000 feet high.

"I suffered greatly for a number of years and for the past three years was so bad that life was a misery to me," writes Mrs. E. F. DICKSON of Utica, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Barnard's' and have never suffered such since. I will I could tell every suffering woman the worst ever what a loss Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any kind of else."

The Medical Advice by R. V. Pierce, M. D., Buffalo, N. Y., answers loads of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 31 stamps to pay for wrapping and mailing only.
